- 4) अपनी गृह कार्य पुस्तिका में लिखे और याद करें।
 - क) लिंग- (चाचा से नाती तक)
 - ख) गिनती- (एक से बीस तक)

SUBJECT: MATHS

Task 1:

From an old calendar cut any four digits and paste them on A4 sheet

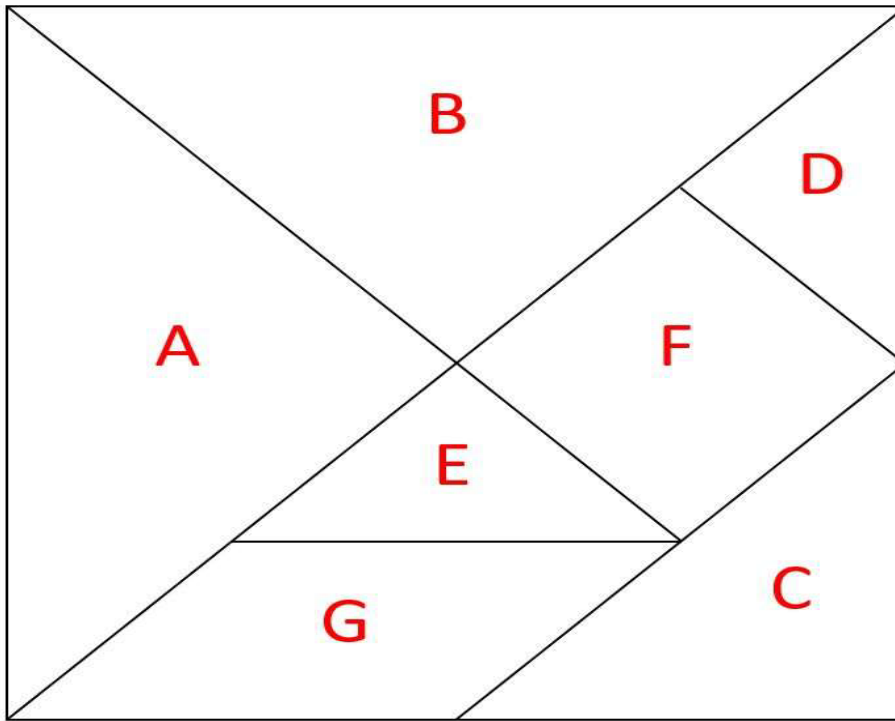

- Form the smallest and greatest number
- Write place value of each digit for the numbers formed
- Express the numbers in expanded form in two ways
- Find the successor and predecessor for the numbers formed.

Task 2:

Tangram are fun for children of all ages .A fun way to work problem solving and visual spatial skills.

- Given on next page is a seven piece Tangram picture
- You can take a print out and cut out the various pieces or make your own tangram pieces on a thick paper (as explain in the video link)
- <https://youtube//IVZyazHoc5k>

Make a picture of state animal of Andaman and Nicobar Island using Tangram

SUBJECT: SOCIAL SCIENCE

The Andaman and Nicobar Islands is a union territory of India consisting of 572 islands, of which 37 are inhabited, at the junction of the Bay of Bengal and the Andaman Sea. It comprises two island groups, the Andaman Islands (partly) and the Nicobar Islands.

Q1. Make or draw a collage of pictures of different monuments found in Andaman and Nicobar Islands.

Q2. Choose any one famous monument of DELHI and ANDAMAN AND NICOBAR ISLANDS. Answer the following questions:

- Write the names of both the monuments.
- Write the year of construction of both the monuments and represent it on abacus.
- Write the number names of the year of construction.
- Using the digits in the year of construction, form a greatest and smallest 4- digit number.
- Find the sum of the greatest and smallest number formed.

SUBJECT: SCIENCE

ACTIVITY 1: GEOMETRIC ANIMAL KINGDOM: CREATING CREATURES WITH MATHEMATICAL SHAPES.

Make aquatic animals found in Andaman and Nicobar Islands with the cut outs of different geometrical shapes. Cut outs can be taken from old magazines, colourful sheets etc. Paste the animals on a sheet and give it a look of aquarium.

ACTIVITY 2- Create two fact cards of any two animals found in Andaman and Nicobar Islands with simple information like name, food habit and how animal eats.

Read and learn spellings of difficult words of Lesson 3 – Animals- Feeding Habits and Lesson 8 – Houses and Clothes.

SUBJECT: ART & CRAFT

CLASS 3 – Make a tea coaster with a cardboard or a readymade wooden board of any shape (square or circular) and make a beach scene with poster colors.

NOTE Picture for your reference is given.
